COMPANY OVERVIEW

Gravotech, Inc. dba Gravograph with over 75 years in the engraving industry is a global leader for engraving, marking, cutting and routing solutions. We are the only manufacturer offering a complete range of marking technology. Gravotech marking and engraving systems are piloted by GravoStyle professional engraving & design software. Our products are sold directly by a field based sales team and indirectly by Distribution partners in the US & Canada. Installation, training and warranty service is provided by Gravotech employed field technicians in the US and Canada. Additionally, depot repair service is available at centers located in California, Georgia and Ontario, Canada. Abroad service and warranty support service is available through Gravotech's global network and is present in over 50 countries.

Products and Services:

- Rotary Engraving and Routing Systems
- Laser Cutting and Engraving Systems (CO2, Green, YAG & Fiber Sources)
- Micro-Percussion and Scribing Systems
